Written Testimony

I 100% support funding for the Kanewai Spring. Having personally volunteered many hours working the land and helping to restore what is an amazing and important piece of Hawaiian culture and heritage I cannot imagine a Hawaiian government that would want to enable the destruction of such a place. The importance of this site is not just cultural but environmental as well as it is a natural fresh water aquifer that provides fresh water to the spring as well as to Maunalua Bay and the wildlife there. Please vote to preserve this important cultural heritage site and allow our keiki the opportunity to learn about old Hawaiian life, an important part of living on the islands.
